MESSAGE IS SENT IN TO ENFORCE DESIRES

President Transmits a Document to Houses of Congress.

FINANCIAL MEASURE.

The Consideration of the Subject Is Expected to Bring Up Payment of Chinese Indemnity in the White Metal.

Washington, Jan. 30.—President Roosevelt sent the following message to congress:

"I transmit herewith a report from the secretary of state with accompanying notes from the Mexican ambassador and the Chinese charge d'affaires ad interim, which ask co-operation of the United States in such measures as will tend to restore and maintain a fixed relationship between the moneys of the gold standard countries and the silver using countries. I recommend that the executive be given sufficient powers to lend the support of the United States in such manner and to such degree as he may deem expedient to the purposes of the two governments.

"THEODORE ROOSEVELT."

The message was referred to the committee on finance.

In his communication, Secretary Hays says:

"It is not asked that the United States modify its monetary system and it is distinctly disavowed that any movement is contemplated for the restoration of international bi-metallicism.

The opinion is expressed by the representatives of both governments that consultation between the United States and the European powers having dependencies in the Orient and the independent countries where silver money is in general use, may result in the adoption of a monetary system which will prevent the great fluctuations in exchange which now occur in trade with the silver-using countries. If such a result can be achieved, and it is pointed out that at least a partial solution has been proposed in the United States in a bill now pending in the senate in regard to the Philippine Islands, great benefits will follow to the trade of the world by making easier the access of the products of manufacturing nations to the markets of China and the other silver-using countries.

"The consideration of this subject may have an important bearing also on the payment of the indemnity due by China to certain European powers and to the United States by enabling the Chinese empire to put her monetary system upon a basis which will make it possible for her to meet these payments in a manner satisfactory to all the powers. This result, if it could be accomplished, would be of the first importance, not only to the United States and to the other powers having a share in the indemnity payments, but to China herself and her future development."

NEARLY A BREACH.

There Is a Decided Pause in the Venezuelan Negotiations.

Washington, Jan. 30.—There was a pause in the Venezuela negotiations that approached perilously near a breach, and the end is not yet in sight. It all grows out of the attitude of the allies in insisting upon preferential treatment for themselves in the settlement of their claims. As foreshadowed in the London dispatches, Mr. Bowen has been informed of the decision of the allies to insist in his work for the moment. Possibly fresh and enlarged powers will be necessary to enable him to meet the demands of the allies.

Two courses are open now to Mr. Bowen, and it probably will be for President Castro to elect which he shall follow. He may in his response to the other claimant nations, that the allies, take the opportunity to inform the world that Venezuela yields to overpowering force and that if she cannot meet their claims they must reckon with the allies themselves.

The other course is for him to declare that his mission has failed, that he cannot come to a reasonable understanding with the allies because of their uncompromising attitude and therefore the case must go to The Hague tribunal for adjustment.

NO BLUFFING.

The Honor and Dignity of This Country Will Be Maintained.

Washington, Jan. 30.—The Venezuelan situation, especially the attitude of Germany, was discussed by the senate committee on military affairs, and the situation influenced the committee on some matters pertaining to the army appropriation bill, among which was the decision to accept the house provision relating to transports; that they be retained in the service.

The discussion was general and earnest and the conclusion reached, as stated by a member of the committee, was that the United States make it plain that the honor and dignity of the country would be maintained and that Germany should not be allowed to "bluff" the government by any attitude she might assume.

Conditions Are Declared to Be of a Deplorable Nature.

MAY TRY COERCION.

It Is Said the Sultan Would Prefer War Rather Than Comply With Demands Made by Some of the European Nations.

London, Jan. 30.—The publication of the French yellow book detailing efforts made by France and Russia during the past year to induce Turkey to institute reforms in Macedonia which resulted in a tour through the Balkans of Count Lamsdorff and in an Austro-Russian agreement regarding press reforms in Turkey point to the fact that an acute phase of Balkan question has arisen.

Rumors of Austria preparing a squadron at her naval port, of Pola for passage of Russian torpedo boats brought through the Dardanelles into the Black sea and other incidents are being recalled, rumors issued by Austrian government are received with some skepticism.

There have been recently several reports of hasty purchases of war material by Roumania, Balkan states and Turkey.

The yellow book confirms the statement that France approves of Count Lamsdorff's proposal to institute radical reforms in Macedonia, and gives a gloomy account of the deplorable conditions prevailing in Macedonian provinces. Reports are current in Odessa that Austria and Russia have agreed upon a joint naval coercion of Turkey in the approaching spring to enforce reforms in Macedonia.

According to Professor Bambury, who is supposed to be well informed as to the views entertained at Yildiz Kiosk the sultan, believing the intention is to wrest Macedonia from the Turkish empire, would prefer risks in war to acquiescence in European demands. The drift of European opinion is that although there is no immediate danger, the situation is causing diplomatists the keenest anxiety.

NIAGARA FALLS EXPLOSION

Great Damage Done and Numerous Factories Have Been Crippled.

Niagara Falls, Jan. 30.—Fire, which was started by an explosion in one of the big transformers in the power house of the Niagara Falls Power Conduit company Thursday night, destroyed thousands of dollars worth of valuable property. It will doubtless mean great loss to most of the large factories here, some of which will be idle for weeks. The officers are not prepared to estimate the loss, but admit the situation is serious and badly cripples many plants dependent upon Niagara for power, not only in this city, but in Buffalo, Lockport and Tonawanda.

Hurt Trolley Lines.

Buffalo, N. Y., Jan. 30.—Trolley lines here are badly crippled owing to the explosion at Niagara Falls.

Steamship Ashore.

Philadelphia, Jan. 30.—The Clyde line steamship Gulf Stream, from New York for Philadelphia with general cargo, is ashore eleven miles north of Cape May. She is expected to be a total loss. The Gulf Stream left New York Thursday, and it is presumed she was stranded during Thursday night.

Excluded from All Rights.

Dresden, Saxony, Jan. 30.—A royal decree has been gazetted announcing that Crown Princess Louise is henceforth excluded from all rights, titles and dignities as a member of the Saxony royal house as the result of her elopement with Professor Giron. The princess voluntarily resigned the rights Jan. 9.

Choked to Death.

Chicago, Jan. 30.—James Tulloch, a soap manufacturer, choked to death Thursday night while eating supper at a downtown restaurant. A large piece of meat lodged in his windpipe, and he died before a doctor could dislodge it. Mr. Tulloch was thirty-eight years old and was at the head of the firm of James Tulloch & Co.

Complication of Diseases.

Boston, Jan. 30.—Former Governor Long, who is under treatment at a hospital for catarrh of the bladder, has been ill two weeks, but his condition did not become serious until Tuesday. At that time grip symptoms set in. On Wednesday kidney complications set in. Physicians now fear uraemic poisoning.

Favorable Reports.

Washington, Jan. 30.—Foreign relations committee of the senate authorized favorable reports on Alaskan boundary treaty and protocol for extension of time for ratification of the Cuban treaty.

BRYAN, TEXAS, JAN. 31, 1903

State depositories for the state's money on hand are advocated by some members of the legislature. The funds now locked up in the state treasury, at times, amounts to a positive disadvantage in the withdrawal of so much money from circulation. Besides, it is proposed to have bids from bankers throughout the state, showing what interest they will pay for funds. Thus the state would derive a revenue from the use of its money. It would be as easy to provide for the safety of the funds of the state by this means as by the plan now in vogue, and it may be a wise one to adopt.

The governor has named the following board of directors of the Agricultural and Mechanical College and Prairie View Normal: Marion Sansom of Alvarado, F. A. Reichardt of Houston, P. H. Tobin of Grayson county, K. K. Leggett of Taylor, Geo. T. Jester of Corsicana, A. Haidusek of La Grange and L. D. Amsler of Hempstead. Messrs. Leggett, Jester, Haidusek and Amsler are new members, as well as Mr. Clay, the new commissioner of agriculture, insurance, statistics and history, who is an en-officio member of the board. The retiring members of the board are Dr. Oliver of Cass county, Jno. W. Kokernot of San Antonio, Wm. Malone of San Marcos, A. P. Smythe of Mart, and Jefferson Johnson of Austin, retiring commissioner of agriculture.

Judge Jno. N. Henderson, for the court of criminal appeals sitting at Dallas, delivered an opinion which is of the greatest importance as touching the rights of newspapers. Judge Gillaspie of the criminal court at Houston, barred reporters for newspapers from the court room when testimony was being heard in a murder trial. The editor of the Houston Chronicle had his reporters procure reports of the proceedings through other persons who attended, and published it in full. For this the judge fined the editor one hundred dollars. Habeas corpus proceedings were brought to test the case, and the result was that the court found for the editor and against the trial judge. So we will have no secret trials of murder cases in this state, and newspaper men will continue to have some rights in the matter of getting and publishing the news.

THE A. AND M. COLLEGE.

P. H. Tobin of Denison One of the Institute's Directors on Department of Agriculture, Statistics, Etc.

Denison, Tex., Jan. 27.—P. H. Tobin of this city is one of the members of the board of directors of the Agricultural and Mechanical College, located at College Station. Mr. Tobin takes an active interest in the work of this very important school and with the other members of the board is inclined to guard very jealously the interests of the school.

In conversation with the News reporter today Mr. Tobin said: "For some time the board of directors of the Agricultural and Mechanical college has been working on a proposition to establish in connection with the college a department of agriculture, statistics and farmers' institute. We recognize the fact that such a department would be of immense advantage to the interests of the farmers of the state and its establishment as a branch of the college, it seemed to the directors, would prove a most excellent thing. It would be of great value to the educational work that is being done at the college and would furnish information of a reliable nature that is badly needed in furthering the work. The head of this department would be appointed by the board of directors, thus removing it from all political influence and putting the appointment in such shape that the fitness of the man would govern rather than the strength of his political pull.

"We felt very confident of being able to get the legislature to take favorable action looking to the establishment of such a department, but the situation has been somewhat complicated by the introduction of a measure looking to the establishment of an agricultural bureau at the state capital. The idea of establishing such a department in connection with the college is in harmony with the recommendations made by Gov. Sayers and this recommendation has the indorsement of Gov. Lanham. So far as I am informed there is a demand in the state for some action that will provide authentic agricultural statistics of the state and it seems to narrow itself down, therefore, to a question of whether it is best for the state to establish an exclusive agricultural bureau with a heavy expense, or make it an adjunct to the Agricultural and Mechanical College. In one instance it would be located at Austin, while in the other it would be located at College Station, where some of the work that is of practical benefit to the farmers of the state is already being done.

"It seems to me that it is for the best interests of all concerned that the Legislature make provision for the department in connection with the college rather than a separate bureau to be located at Austin for these reasons: First, it can be done at much less expense; second it will take the appointment of the man who will be at the head of it out of politics, and third, it will be a valuable aid to the work of the college while at the same time accomplishing all that the friends of

the agricultural bureau measure desire.

"I hope that the claims of the college will have careful consideration at the hands of the members of the Legislature, for I feel confident that the best interests of the State will be served by the establishment of this department in connection with the college rather than as a separate bureau. There is one other thing that is largely in favor of this department being established in connection with the college and that is that the man placed at the head of it would be a fixture, whereas, if he were at the head of an agricultural bureau there would be a change with each incoming Governor. Such changes do not make for the efficiency of the work done, for it is bound to take a new man, unfamiliar with the work, some time to get a grasp on the situation."—Dallas News.

Police Sergeant Alfred Cummings of Jersey City put \$125 in small bills in the drawer of a bureau in his room, and when he went to look for them they were gone. He tore away some of the plaster and there, between the laths in the wall, was a rat's nest made of the bills, which had been chewed by the rats. A \$20 bill was intact. The others were cut into small pieces.

Dr. J. L. Fountain, our Brazos county representative, introduced in the Twenty-seventh legislature a bill to abolish the office of county treasurer. Interest in the measure is being revived at this session. The proposed measure is to abolish the offices of county and city treasurers. The plan is to let such bank as will make the best bid for the use of the money of the county or city be the depository of such funds. Thus by getting interest on funds on hand the county or city would not only save the salary of the treasurer, but would get an income. We suppose the bank would give bond as the treasurer does at present.

STOOD UP FOR QUAY.

Senator Foraker Said He Had a Right to Pursue Course Taken.

Washington, Jan. 30.—The senate proceedings Thursday were unmarked by any lively debates such as occurred Wednesday. When the Rawlins resolution calling on the secretary of war for the evidence in certain courts martial cases in the Philippines was laid before the senate, Mr. McLaurin of Mississippi urged its adoption.

He detailed certain acts of cruelty on the part of the American soldiers toward Filipino men and women, and said the senate should have the evidence in such cases.

He remarked that it was easy to say there was a syndicate of slander and defamation in the senate toward the army, but when the army was slandered, the American officers were slandered by showing them to have been guilty of outrages, and he argued that they should be weeded out of the service.

The statehood bill was then taken up, but Mr. Quay yielded to permit Mr. Proctor to report the army appropriation bill, which he said he would call up at the earliest possible moment.

A message from the president was read in which he asked for the necessary power to co-operate with Mexico and China regarding the restoration of the parity of silver and gold. It was referred to the committee on finance.

Mr. Lodge then concluded his remarks in opposition to the omnibus statehood bill, and Mr. Bard of California also spoke in opposition to it. At the conclusion of Mr. Bard's remarks and just before the senate adjourned Mr. Foraker, having the statehood bill in charge in the temporary absence of Mr. Quay, said from statements he had received the action of Mr. Quay Wednesday in introducing the statehood bill as proposed amendments to the agricultural and sundry civil bills was regarded as an unheard of proceeding. It was not unheard of at all, he said. It was simply a question whether a majority of the senate could do a thing it wanted to.

WENT THROUGH.

Indian Appropriation Bill Was Passed by the House.

Washington, Jan. 30.—The house Thursday passed the Indian appropriation bill and began consideration of the postoffice appropriation bill.

Mr. Burton (Rep.) of Ohio continued his criticism of the extravagance of items on the Indian bill to the end, but his three days' attack on the bill was not productive of many reductions.

Mr. Paterson (Dem.) of Tennessee took advantage of the latitude allowed in general debate on the postoffice bill to make a set speech for an hour and a half on the trust question.

Mr. Reid (Dem.) of Arkansas, spoke on good roads.

The following conferences of the department of commerce bills were named just as the house adjourned at 5:05 p. m. Thursday afternoon.

Messrs. Hepburn of Iowa; Mann, of Illinois and Richardson of Alabama. When the house met it was agreed that at Friday's session, bills from the committee on claims should be considered and that recognitions should be accorded to members alternately on each side of the political aisle to call up bills on the calendar.

SMITH SUICIDES.

Member of City Council of Lawton Ends His Existence.

Lawton, Okla., Jan. 30.—Charles Smith, a member of the city council since Lawton became a town, and a well-known businessman, shot himself through the heart in the police court room here Thursday in the presence of Judge Blandigan and several other persons. A moment before he shot himself, Smith announced his intention of committing suicide and fired his revolver before those near him could interfere. Smith is believed to have been brooding over charges of boodling that have been brought in connection with the coming city campaign.

In Memory of McKinley.

Guthrie, Okla., Jan. 30.—McKinley day was appropriately observed throughout Oklahoma Thursday in the schools and churches, while in the business circles and on the streets the red carnation was worn by every one in memory of the late martyred president. The day was very befittingly observed by the Oklahoma legislature in joint session, the entire afternoon being devoted to the rendition of a programme especially arranged in McKinley's memory.

Feb. 1 Date of Transfer.

Guthrie, Okla., Jan. 30.—The property of the Blackvel, Enid and Southwestern railway, from O'Keene, Okla., to Vernon, Tex., will be formally turned over to the Frisco system Feb. 1.

Crushed to a Pulp.

New Iberia, La., Jan. 30.—While at work in the sash department of the New Iberia Cypress company Homer Bayard fell against a belt. He was hit by a wheel and his skull crushed to a pulp.

Five More Deaths.

Mazatlan, Mex., Jan. 30.—There were five deaths from the plague Thursday. The first case of plague at the barracks of the Eleventh battalion occurred Thursday. Governor Canedo's conduct in remaining in the city and inspiring the leading citizens with courage to fight the plague wins the heartiest praise. The burning of infected houses continues.

Robbed of Large Amount.

Little Rock, Ark., Jan. 30.—At Bald Knob the postoffice safe was blown open and robbed of funds amounting to \$1000. / reward of \$250 for the apprehension and conviction of the robbers has been offered.

DETAILS OF REJECTION.

They Cause Considerable Concern and Surprize in Paris.

Paris, Jan. 30.—The foreign office has received a lengthy official advice giving details of the rejection by the allies of the proposal that France and other countries receive equal treatment in the Venezuelan settlement.

French officials had not doubted that equal treatment would be recognized, and this unexpected turn of events has caused much surprise and concern.

After conferring with those in chief authority an official said that the French position is based on two essential principles. The first is that in a pacific settlement between two sovereign nations each is entitled to at least equal treatment. If not, a precedent would be established, officials say, which would be incentive to war, as countries first adopting force in collection of claims would have superior rights to those observing usual pacific means of settlement. The view is strongly held here that the United States, France and Belgium are in effect pacific allies, as they did not resort to force against Venezuela.

It is insisted that the present attitude with the allies tends not only to prejudice the rights of pacific allies, but also establishes the dangerous principle that resort to war is preferable to efforts to maintain peace.

The second principle of the French position is that the France-Venezuelan settlement is in the form of a treaty, which entitles it to international recognition. This was formally executed prior to the adoption of force by the allies, and while Venezuela retained full independence in the exercise of her sovereign right to make a treaty. Therefore, it is maintained, this antedates rights arising from resort to force. It is not insisted, however, that this priority settlement entitles France to priority in the division of customs revenues, as officials hold all powers having claims should receive equal treatment. It was at first supposed Great Britain, Germany and Italy favored this view and that the opposition came from the personal attitude of their representatives, but latest advices indicate a sympathetic attitude of the British ambassador at Washington, Sir Michael Herbert, German charge d'affaires, Count von Quadt, and Italian ambassador, Signor Mayer Des Planches, who are restricted in their instructions. Full recognition is given of evident fairness of Minister Bowen.

CANNOT BE PUBLISHED.

In Event of Refusal Minister Bowen Will Confer With Other Powers.

Washington, Jan. 31.—No answer yet has come from the allied powers to Mr. Bowen's last proposition.

The British ambassador sent a long cablegram to Lord Lansdowne Thursday afternoon, stating what might be expected in case Great Britain and her two allies insisted on preferential treatment for blockading powers. The text of the cablegram cannot be published, but it is inferred by the foreign office that Minister Bowen, in the event of the refusal of his proposition, would call upon representatives of other claimant powers in Washington and state to them that Venezuela was being forced by the triple alliance to yield to a plan which would affect seriously the interests of France, Belgium, Norway Sweden, Spain, Denmark, Holland and the United States.

NO OSCULATION.

Those Having Contagious Diseases Must "Kiss Yourself Goodbye."

Chicago, Jan. 30.—A bill has been introduced in the Minnesota legislature declaring that it shall be unlawful for one person to kiss another unless he can prove he is free from contagious or infectious diseases, says a dispatch to the Tribune from St. Paul. The bill declares the certificate of a physician declaring a person to have a weak heart shall constitute a bar to the indulgence of kissing, and violation of the bill is accounted a misdemeanor, punishable by a fine of from \$1 to \$5 for each offense.

GALVESTON GRADE.

Bill for the Relief of That City Finally Passed the Senate.

Austin, Jan. 30.—The Galveston grade bill, exempting that city from taxation for fifteen years, was passed by the senate. It had already passed the house.

House passed Standifer's bill authorizing interurban railroads to issue bonds without consent of railroad commission, also bill granting Jefferson county a new district court. Bill granting relief to citizens of Brazoria county on account of Galveston storm was also passed.

Bill was passed canceling permits of non-resident corporations to transfer pending cases from state to United States courts.

A concurrent resolution was introduced in the senate looking to provision being made for blind adults.

In the house a bill was introduced requiring railroads to maintain switch-lights all night, and another to prohibit the killing of female deer.

Fell Off a Boxcar.

Austin, Jan. 30.—Emil Lind, a Houston and Texas Central railway brakeman, was probably fatally injured by falling from a box car here.

TWO HARD FIGHTS.

Americans Won at Ormoc by Making a Most Daring Charge.

Manila, Jan. 30.—Eight Ladrone and one constable were killed in an encounter at Ormoc, West Leyte province, on Tuesday. The fight was a hard one, but the constabulary ultimately won by a daring charge. One hundred and fifty Ladrone surrendered at Ormoc the following day. The district had been disorderly, and it is believed the surrender of these men will lead to its pacification.

The bodies of three American volunteers, including Mr. Osborne, a teacher, who were killed at Bolnag, province of Zambales, recently in a fight with Ladrone, have been recovered. Malanga, a noted bandit, who is among the enemies dead, directed the fight. The Americans charged and killed him before they were surrounded and killed.

Injured Number Forty-Seven.

Tucson, Ariz., Jan. 30.—The coroner's jury impanelled by Coroner Culver, viewed the remains of 14 victims of the late disaster on the Southern Pacific near Vails Station. Identification was difficult and the body of J. M. Hilton was the only one identified with certainty. Other remains are being taken from the ruins. The total number of dead thus far reported is 24, and it is now believed that the fatalities will number not less than 25. The total injured as far as heard from number 47.

Twenty-Three Dead.

Tucson, Ariz., Jan. 30.—A revised list of the killed and injured in the collision between the Sunset Limited, west bound and the Crescent City express on the Southern Pacific railway near Vails, places the number of dead at 23, of which eight have been identified. The injured also number 21; none seriously hurt.

Shot Firing Bill.

Indianapolis, Ind., Jan. 30.—In the wage conference, Phil Penna, commissioner for the Indiana operators called attention the fact that there is now pending in the legislature of the state a shot firing bill, which he said, if enacted will compel the operators to employ mine shooters which would be an additional expense to them. He said that for that reason it was not just that the Indiana operators should have to come into the convention on the same basis with the operators from the central district competitive field. The debate was warm.

Goes to Natchez.

Natchez, Miss., Jan. 30.—Hon. Lemuel P. Conner received a telegram from Congressman Byer of Louisiana, member of house committee on naval affairs, stating that the United States cruiser Atlanta will be sent to Natchez to represent the navy at the sixth annual Mardi Gras celebration next month. The Atlanta will come with a full complement of 13 officers and 277 men.

Was Vance's Private Secretary.

Raleigh, N. C., Jan. 30.—Lee S. Overman, was nominated for United States senator in the Democratic senatorial caucus on the sixty-first ballot. The final vote was: Overman, 73; Watson, 53, Craig, 11. The nomination is equivalent to an election. Mr. Overman was for several years private secretary to the late Senator S. B. Vance. He was a member of legislature five times.

Divorce Granted Husband.

London, Jan. 30.—Henry Norman, M. P., the author and traveler, has been granted a divorce from his wife, Monie Muriel, the traveler and author, on the grounds of the latter's alleged infidelity. Lieutenant Edward Arthur Fitzgerald, of the dragon guards was named as correspondent.

Brought Large Sum.

New York, Jan. 30.—At the Fasig Tipton horse sale Idolite, the noted son of Mondocino, was sold to J. J. Scannell, former fire commissioner of New York, for \$11,100.

Long Critically Ill.

Boston, Jan. 30.—Former Governor John D. Long lies critically ill at St. Margaret's hospital. Tonight three physicians are at his bedside, his wife and daughter are close at hand and his son has been summoned.

Third Torpedo Boat Passes.

Constantinople, Jan. 30.—The third Russian torpedo destroyer passed through the Dardanelles bound for Sebastopol.

An Aged Negro Dead.

Houston, Jan. 29.—Dabney Lewis, colored, aged 115 years, died here.

THE BRYAN EAGLE.

MRS. IDA McDONALD,
Supreme Deputy of the Maccabees of the World.

MRS. McDONALD, No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health proper care—failed to take warning that the symptoms of approaching kidney trouble gave her, the sallow complexion and torpid liver. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

that I must do some to regain my health friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement.

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you. Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of Thedford's Black-Draught.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

THE ANNUAL EVENT OF TWO
NATIONS

Yaqui-George
Washington
The "Laredo's"

Some years since the citizens of
Laredo, Texas and New Laredo,
Mexico, conceived the idea of
fittingly celebrating George
Washington's Birthday (February
22) by suitable "Mexican-American"
fiestas and parades, and from
a small source this has grown to
a MAGNIFICENT ANNUAL EVENT
unsurpassed in its splendid surroundings
and interesting particulars by anything
of a similar nature.

International in its character,
located on the border line between
the Great Republics, occurring at
a season of the year when business
cares press lightly, and at a time
when weather conditions in that
locality are ideal, this event offers
unsurpassed inducements to the
pleasure seeker.

This year the festivities, will
consist of two days continuous
festivities, February 22nd and
23rd, and the program, which is
very elaborate, will comprise
many new and interesting features
among which may be mentioned
Famous Spanish Bull Fights,
Grand Cattle Roping Contests,
torchlight parades, embodying
typical Mexican and Indian features,
Naval fire works, Sham
Battle and Capture of the city by
the Indians, Military drills and
display Evolutions, Historical
Pageants and Trades Display,
Flower carnival, band and musical
contests, etc.

For this occasion low excursion
rates will be in effect to Laredo,
also for the benefit of those who
desire to see more of Mexican life
and customs, arrangements have
been made for sale of excursion
tickets to MONTEREY, MEXICO
with ten (10) day's limit, permitting
stop-over at Laredo in order to
witness the International
celebration.

For further particulars, call on
ticket agents, or write,

THE COOKBOOK.

To prevent eggs from cracking when
they are boiling, place a pin in the
saucepan.

If you get too much salt in the gravy,
a pinch of brown sugar will remedy the
saltiness without hurting the gravy in the
least.

When onions are of too strong flavor
to be pleasant for sauce, boil a turnip
with them, but remove it before using
the onions.

Never fry more than six oysters at
once unless you have a very large kettle
of fat. If more are cooked, they will
soak grease and take a long time to
brown.

Don't forget that mince meat is a
great deal better to be made a week or
ten days before it is to be used. The
spices and elder, etc., have thus time to
percolate the apple and meat.

Peanut salad is an excellent accom-
paniment for roast duck. Soak a cupful
of peanut meats in olive oil, drain and
mix lightly with two cupfuls of finely
cut celery and a dozen pitted olives.
Serve with mayonnaise dressing on lettuce
leaves.

Plea For the Wooden Shoe.

"We have wisely taken to wearing
sandals," says a Philadelphia physi-
cian. "I hope that before long we will
learn the advantage of the wooden
shoe, or sabot. Do you know that a
great many diseases are due to leather
shoes, due to the wearing all day long
of tight leather that is often, in bad
weather, water soaked? And do you
know that by the wearing of wooden
shoes, which keep the feet dry and
which do not 'draw,' all those diseases
might be avoided? I have several
pairs of sabots, and so have my wife
and children. They cost about 30
cents a pair and keep the feet dry,
without cramping them or making
them unhealthily tender. I believe that
the wisest thing Americans could do
would be to take up the sandal and
the sabot, discarding altogether the
shoe of leather."

Didn't Know About Cashboys.

Uncle Podunk (shopping in town, to
saleswoman)—How much for them
socks?
Saleswoman—Twenty-five cents a
pair.

Uncle Podunk (putting his hand in
his pocket)—All right. Gimme a pair.
Saleswoman—Yes, sir. Cash, here!
C-a-a-a-s-h!

Uncle Podunk—Thunder and mud,
woman! Ye needn't holler it so darn
loud! I know it's cash here, an' ain't
I feelin' fer it as fast as I kin?—New

Galvani's Discovery.

It is to the wife of Professor Galvani
of Bologna that is due the credit of
having discovered the electrical bat-
tery which bears his name. Some
skinned frogs lay upon the table, and
noticing a convulsive movement in
their limbs, she called her husband's
attention to the strange fact, who in-
stituted a series of experiments, and
in 1791 he laid the foundation of the
galvanic battery.

ASYLUM FOR IDIOTS.

A Measure Providing the Same Is Passed
by the Senate.

Austin, Jan. 30.—The senate on
Thursday considered bill by Savage ap-
propriating \$40,000 for establishing a
home for white idiots and imbeciles
in connection with the state insane
asylum in this city, with committee
amendments making the home eligible
for negroes and striking out the loca-
tion, leaving it to a board to be ap-
pointed by the governor, consisting of
five members, one from each of the
supreme judicial districts, and provid-
ing that it shall be located as an ad-
junct to either of the insane asylums
at San Antonio, Austin, Terrell or Abilene.
The committee amendments were
adopted and the bill passed finally under
a suspension of the rules. Before
its passage Senator Harper se-
cured the adoption of an amendment
directing the insane asylums to care
for imbeciles until the home is erected.

Senator Faulk secured the considera-
tion of his bill relating to the fraud-
ulent disposition of mortgaged prop-
erty, so as to punish tenants who dis-
pose of mortgaged property.

Senator Hicks secured the adoption
of house concurrent resolution peti-
tioning the Texas members in congress
to aid in securing an appropriation for
establishment of a camp of military
instruction in connection with Fort
Sam Houston.

Senate bill No. 29 by Mr. Savage re-
lating to public printing, facilitating
the printing of legislative bills on lin-
otype machines, shortening the line one
half inch, was taken up in the house.

Mr. Napier asked that the amend-
ment to the bill made in the commit-
tee be considered. This amendment
provides that the bill shall not affect
the present contract as to the cost to
the state. Adopted, and bill as amend-
ed passed.

Committee Reported Adversely.

Austin, Jan. 30.—The committee on
constitutional amendments reported ad-
versely in the joint resolution by
Messrs. Griggs and Browne of Karnes,
providing for a convention to revise
the constitution of the state of Texas.
A minority report will be submitted,
signed by Messrs. Browne of Karnes,
Griggs, Cottrell, Knight, Hodges and
Callan, and it was agreed in commit-
tee that the minority report should be
printed.

McKinney Gets University.

McKinney, Tex., Jan. 30.—This city
has secured the Texas Presbyterian
university, and for that purpose suc-
ceeded in raising \$80,000 and donated
250 acres of land. The board of trust-
ees expects to set aside 150 acres of
land for the campus, and out of the
remainder to realize \$50,000 to add to
the building fund.

Conductors Asked to Resign.

Houston, Jan. 30.—It is reported that
some nine or ten conductors on the
Southern Pacific railway have been re-
quested to resign. The check system
is alleged to figure in the matter.

Temporary Release.

Tyler, Tex., Jan. 30.—During the
progress of the Tyler bank cases the
defendants have by Judge Swayne been
ordered released from the custody of
Marshal Houston.

ACTION CENSURED.

Booker T. Washington Will Not Be Al-
lowed to Make an Address.

Gainesville, Fla., Jan. 30.—Recently
W. N. Sheats, state superintendent of
public instruction, invited Booker T.
Washington to deliver an address be-
fore the joint convention of county su-
perintendents of public instruction and
the general educational board, to meet
here Feb. 4. Mr. Sheats is severely
censured in this, his home town, and
W. M. Holloway, county superintend-
ent of public instruction, has tele-
graphed the Gainesville Sun that
Washington will not be permitted to
speak in the Auditorium on the occa-
sion.

Formally Charged With Murder.

Liverpool, Jan. 30.—The cook of the
Veronica, a colored man who was
among those who were rescued by the
Brunswick, made a statement to Cap-
tain Brown, which caused him to be
able to Scotland yard. The cook, how-
ever, asserts that the men led by the
boatswain, a German, mutinied and
murdered the captain, chief officer and
others and threatened to kill him if he
betrayed them.

After an investigation, the four sea-
men of the Veronica were formally
charged with murdering seven of
their shipmates.

Thomas' Terrible Tale.

Liverpool, Jan. 30.—According to the
account of the mutiny given by the
Veronica's negro cook, whose name is
Moses Thomas, the murders were
planned so that the victims had no
chance to defend themselves. Each
was stunned or murdered separately
by these mutineers, who lay in wait
for them in the dark part, armed with
belaying pins. The bodies were then
thrown overboard. Thomas says he
barricaded himself and begged hard
for mercy or he would have suffered
the same fate.

General Booth Spoke.

Memphis, Tenn., Jan. 30.—General
William Booth, the head of the Salva-
tion Army, addressed a large and rep-
resentative audience at the First Meth-
odist church. Before the general ar-
rived every seat in the edifice was
taken. The speaker's lecture was fol-
lowed closely by his hearers and he
received many congratulations when
he finished. He left for Dallas, Texas.

Provisional Acceptance.

Washington, Jan. 30.—John T. Mc-
Donough, former secretary of state of
New York, has accepted previously
the appointment of justice of the su-
preme court of the Philippines. The
conditions which he accepts are said
to be of such a nature that his ap-
pointment undoubtedly will be made.
